**Programming Languages-** Core Java  
**Web Technology-** HTML | CSS | JavaScript | React.js  
**Database Management-** MySQL

## Experience

2025/01 – present Bengaluru, Karnataka	<b>AMITI SOFTWARE TECHNOLOGIES PVT LTD</b> <i>Full Stack Developer Intern</i> Developing dynamic and responsive front-end interfaces using React.js, ensuring seamless user experiences. Implementing robust back-end solutions with Java and Spring Boot, integrating RESTful APIs, and managing databases for efficient data handling. Focused on building scalable, high-performance applications with optimized front-end and back-end communication.
2024/05 – 2024/06 Surat, Gujarat, India	<b>E.D.I.T.S.H. Technology</b> <i>Web Developer Intern</i> Designing and implementing front-end interfaces using HTML, CSS, and JavaScript. Focused on creating responsive and user-friendly designs to improve user experience and boost engagement across the project.

## Projects

**Shoppingcart**  
Developed a comprehensive e-commerce website using HTML, CSS, JavaScript, PHP and MySQL. Implemented features including product browsing, detailed product pages, a shopping cart, secure checkout process, user authentication, and order management. Additionally, created an admin panel for inventory management, enabling efficient tracking and updating of products.

**DineHire**  
Developed a dynamic website using HTML, CSS, and React.js to connect hotels and students. Hotels can register and post job details, which are displayed in real-time on the homepage. Students apply for jobs based on their preferences, with applications routed to the hotel's dashboard for approval. The combination of HTML, CSS, and React.js ensures a responsive and user-friendly interface for seamless interaction throughout the process.
